Tareno Global Water Solutions Fund

An award-winning water fund

No life without water

Water is an essential resource and indispensable for our survival. While the supply of water remains unchanged, the demand is steadily increasing. We therefore need to correct this imbalance with technological change. The Tareno Global Water Solutions Fund is an equity fund and invests in listed companies that develop technological innovations in the water sector.

Why Tareno Global Water Solutions Fund?

 SUSTAINABLE	<ul style="list-style-type: none"> • FNG label, ISR label and SFDR Article 9 • Impact Share Class • Proprietary score 	 EXPERTISE	<ul style="list-style-type: none"> • Water pioneers in Switzerland • Received several awards, as the Euro FundAward 2025 as the best water fund • Track record since 2007

A sustainable and long-term investment

The Tareno Global Water Solutions Fund offers private and institutional investors the opportunity to invest in a growing market. The aim of the fund is to make the use of water more sustainable and efficient and thus improve the global water supply.

- Our fund contributes to **SDG 6** “Clean water and sanitation”

- Classified according to **SFDR Article 9**
- Meets the highest requirements of the Disclosure Regulation

- **FNG-Label** since 2019
- 2026 again with the highest rating for our sustainability approach

- Award of the French sustainability label **“ISR”** since 2023

Unique Impact Share Class

Would you like to make a direct and measurable contribution to improving global drinking water supplies?

With our Impact share class, **25% of the management fee** goes directly to drinking water projects in countries without access to **clean drinking water**.
